DIED.

and he proposed to adjourn to first Wednesday in NJ-The District-Attorney said that Mr. Whiting, (who had been seeigned by the Governor to assist him, and the Attorney-General, who will likely be present a pertien of the time, will probably be engaged to that period, and the day named will suit him on that ac-

The Court said the difficulty is that the General Term of this Court will be in Nevember, the calendar of which is very heavy, as is also that of the Circuit. which contains some 1,700 cases, and the probability Geo. G. Scofield.

IRELAND-On Monday, Oct. 1, in the 4th year of her age,
Locasa, youngest child of Anna Mary and Geo. Ireland, Jr. in that all the Judges will be engaged in the hearing of

civil cases. The District-Attorney said these trials will probably be very protracted, as they will have to be taken up separately, as usual in cases of murder. The case for the people, on the trial of Baker, will probably occupy a week, and further time of course taken up. He suggested that it would be well for the Court to arrange its civil business in reference to the trials.

He has already easied the witnesses and enough have appeared for the trial and he is ready to go on, but he

proposed to set the case down for Monday next. There would be some miner cases which he could dispose of

this week, and it would not be worth while to delay

Mr. Clarke said he would be engaged next week,

The Judge inquired of counsel for defense how long the trial probably would take.

Mr. Clarke replied that he did not know how long a time the case would occupy. There will be considerable testimony for the defense. He hoped to have Been able to proceed to-day, and expected to get Shrough this week. Next week be will have to be engaged in Cayuga County.

Mr. Siekles remarked that the Wednesday named

would be the day after the election, and he suggested the Menday following.

The Judge said if the cases are laid over till November the counsel must take their chances as to the General Term. If a Judge frem out of towa can be obtained to sit in the civil branch, the trials can go on. Unless one can be induced to come, and these trials proceed, the General term must be suspended.

Mr. Clarke inquired of the Di-trict-Attorney when he proposed to take up the other cases in connection with that of Baker.

The District Attorney said he proposed to bring on

the case of Lewis Baker first; and it would be better to leave the disposition of the others till after that is terminated. TRIAL OF INDICTED ALDERMEN AND COUNCILMEN.

The Pistrict-Attorney said he made would a motion that the wisl of the indictments against Messre. Herrick. Wande I and others, be removed from the Court

of Sessions to this Court.

Mr. Nach said he and Mr Whiting appeared for Mr. Cooper. They had no objection to the case coming to this Court, but wished to move to quash the indict-

Mr. Brady remarked that in the cases of Messrs. Herrick, Wandel and Healey, fer whom he appeared, motions will be made to quash the indictments on the ground of gross irregularity, &c., in the Grand Jury room. He asked the District Attorney what time he would set the argument down for a hearing.

Mr. Busteed, counsel for Ald. Moser, said that they

are exceedingly anxious to have the case against them disposed of, and perfectly willing to have it brought to this Court, provided they can make the motion as to the incictment.

INDICTMENTS FOR MURDER.—The District-Attorney said be proposed to take up the trial of Mary Ann Lambert, for murder [of a man named Snowden], on Wednesday next. It will occupy but four or five hours. Mr. Spencer, counsel for defense, said they would be ready then.
On Thursday the District Attorney said he proposed

to try the case of Robert Buleen, also indicted for murder. It was so set down. The Judge asked why the two other capital cases

should be tried in this Court? The District-Attorney said if the prisoner's counsel require it, the trial must be in this Court. The object of the law allowing the Sessions to try such cases, probably was to give an opportunity for prisoners to be tried, should they elect to do so, in the vacations of the Oyer and Terminer. The Judge replied, he thought the object was to re-

lieve this Court in respect to the civil business. As the cases will be short they can be tried this week. The District Attorney said that he would designate

Saturday on which to take up the argument in the case of the Aldermen and Councilmen.

The Judge said he thought it would be better to

name Friday. So ordered. CASE OF LEVI COLE.

Mr. Busteed asked for a commission in this case (indicted as to alleged forgery on the Chemical Bank) for the examination of a witness. The Court then adjourned to Tuesday.

UNITED STATES CIRCUIT COURT-Oct 1.-Before Juige Nelson.-Decisions on Appeal. COLLISION-LOOK-OUT.

The stermer Roanoka at suit of owners of schooner George
Hotchiles

The science remains to the school of the sch

This Court considers that no proof has been given of a compe-ter tlock out on board the steamer. The schooner, according to the evidence, did not change her course, and the weight of the evidence is that the night was not so dark but that the schooner might have been seen half a mile. As respects lights upon the schooner, the usage on the James Birrer, like that on the Hudson, does not require saiting vessels when in motion to carry lights; they are required to do so only when at another. Decree of Dis-trict confirmed.

CUSTOM AS TO DELIVERING NAVAL STORES.

Ben, & Chas. W. Slossom agt. Jones Smith and others, awners
efs.chooner R. W. Brown.

To recover the value of some rosin brought in the To recover the value of some resin brought in the school or from Wilmington. Agreeably to custom, the consigness having the langest quantity of scode on board chose where the carrie should be landed at Brooklyn, and he designated Mitchell's wharf. O ving to some disagreemant between Mr. Mitchell and Messer, Biossom, the seem of Mr. M would not allow the rosin belonging to Messer, B to be landed there, and Messer, B, demanded of the vessel that it should be landed at another. What is brooklyn belonging to the meetings a mile and half from Altehell's, at some other wharf in Brooklyn. This the schooler retues to do, and came over to her berth it New York, when notice was given to Messer, B, that the rosin would be landed on the wharf and attend to receive it; but they refused to do se, and it westleptered over to Brooklyn and stored an behalf of the schooler. Messer, d. offered to take it from the care of the pay freight, but not pay the expense of lightwage, it was refused to be delivered on these terms, and suit brought by Messer, B, to recover \$200, the value. Judge Ingersol, at the United States District Court, made a decree in favor of Masser, B, for the account, less the freight, and appeal was made on behalf at the schooler.

the region considers that, the usage of the trade being that the largest consignee shall designate the place of landing, &c., it was the daily of Messrs. B. to have provided for the roots at Mitcheld's, or to have received it from the veges, and on a refusal_try expense to which the ship is subjected in the further steps is provide a place for it would be at the expense of the consignee. This is not the case where a ship may select her own oak or place of landing. Decree reversed and tibel dismissed, with costs.

own oak or place of lancing. Decree reversed and tibel dismissed with costs.

James M. Davis, survivor of Medad Piatt & Co., agt. the
schoner lone.

A quantity of goods was sent in the schooner to
Newb. Tr., M. C., shipped to James M. Gooding, to be delivered
by latter to G. W. Blaney, who ordered them, if considered by
latter to G. W. Blaney, who ordered them, if considered by
G. to be good. Ac. They were delivered to Blaney, who failed,
Smill brought against the vessel for alleged wrongful delivery
to Blaney, and the District Court made a baccee for Bleslants of
to Blaney, and the District Court made a baccee for Bleslants of
the weight of estimony as showing that the goods had been delivered to Blaney by direction of Gooding. Decree reversed
and libel disn'used, with costs.

Judge Blellou delivered written opigions, of which the above
a the substance set decisions.

COURT OF GENERAL SESSIONS-OUT, 1-Before Judge STUGET.

The October term of this Court commenced its ses-

The October term of this Court commenced its session this mounting. A quorum of grand jurors was in attendance, but owing to the presence of the Distinct Attorney being required in the grand jury room of the Court of Oyer and Terminer, the members were discharged until Monday next.

The Courton Courcil Corruption cases have been moved into the Oyer and Terminer, and will be disposed of in that Court.

Better jury was then formed and proceeded to try five salivirs, must Heavy Brown. Win. Bell, Timothy McCarthy, Geo. Doyle and Joseph Walher, all of whom were conviced of as suffing with a dangerous weapon John Thompson, a session of the ship Washington, and were remanded for sentence.

MONDAY, Oct. 1-P. M. The tendency of the Stock market was this morning generally, with a fair amount of business. At the Second Board there was a better feeling. and the market rather buoyant until the great bear appeared and offered the leading stocks freely at current prices and below. Under his sales the market closed heavy. Cumberland has been among the buoyant stocks to-day, the transactions having been large, and the market showing an advance of about P cent. Erie has also been taken freely, the sales baving been some 7,000 shares, including 1,100 shares at 54; seller ninety, and 1,000 at 55; buyer sixty. The closing sale at the Second Board was at 55, seller four months. It was afterward offered at 55, regular. Reading shows a decline of | F cent on Saturday; Harlem fell off to 26; Hudson River to 39. In New York Central we heard of no sale, but it was offered after the Second Board at 95]. Under the assessment Illipois Central fell off to 93. Nicaragan was offered at 191. In Western shares there was not much change, but the tendency was downward. Chicago and Rock Island sold at 95, dividend off, which change. Michigan Southern, 99. Cleveland and Toledo, 833. Michigan Central, 97. &c. A saie of 100 Galena and Chicago was made at 1191, buyer 4 months. We have a report from the Chicago office of this road that the September earnings will be \$250,000 to \$275,000, which is \$50,000 to \$75,000 ever the estimates. These earnings are enermous. They are nearly one-half as large as those of the New-York Central, on about one sixth the cost, six millions against about thirty-eight millions. Panama was 1044, and in good demand. Coal Stocks are depreciating. Delaware and Hudson sold at 128, and Pennsylvania Coal at 100%. The business in Railroad Bouds was confined mainly to Ill. Central, of which \$150,000 were sold, closing at 80], ex-int., for Construction, and 814 for Freeland, an improvement on the latter of 1] & cent. Eries, 1875, were heavy, and sold at 87]. Harlem 1st Mort., 89]. Hudson River 1st Mort., 100, &c. State Stocks are heavy, with sales

of \$70,000. Virginias sold at 974; Indiana 5s, 824. The Exchange market is lower, with a considerable pressure of Commercial Lills in the market, and a moderate demand from importers and bankers for remittances. Mr. Belmont's agent reduced his rates today ! P cent both on Sterling and France, and the leading drawers of sterling have come down | # 1 P cent. Nearly all the bills in market are drawn against produce gone or going forward, and not against credits which must be covered by gold or other bills. Some strictly first-class Commercial Sterling is offered at 91 #9], and Bankers' Signatures at 9] #9; without sales at the highest rate. Good Sterling has been sold at 9 @ 9] P cent., and with bills of lading attached at 9] P cent. Francs are 5.16] @5.13], first-class bills having been sold at 5.15. Unless a demand for Sterling springs up to-morrow, commercial bills will be sold even lower

than the above rates. Freights are firmer. To Liverpool, 6,000 bushels Wheat was taken to fil up at 12jd., in ship bags, 1014, 1019, 1007.

We bear of no gold yet bought for Wednesday or Saturday, but some of the bars by the Star of the West have been taken for the Boston best on Wednesday week. The market is very heavy for bers, and some sales have been made at a discount very Learly equal to the cost of coinage. The deposits at the Assay Office to day reached about \$700,000, which is a larger proportion of the whole amount by the seamer than usual. The passengers appeared to have a liberal amount of gold, and the aggregate by the ship was probably \$1,300,000, including \$45,000 Government Drafts paid at the Sub-Treasury. A further small decline in bars would put the gold coming by the Panama route into coin.

The Illinois Central Railroad Company have called an installment of \$5 \$ share upon the stock of that Company, upon which \$15 has been already paid. This will give the Company about \$700,000. The stock fell about \$1 & share under this call, having been sold at 93. The sa'es of lands for September have not yet been made up, but enough is known to show that they have been very satisfactory.

The parties interested in the loss of the \$50,000 Government money from Dubuque, are engaged in a thorough investigation of the circumstances of the loss, and in a search for the perpetrators of the fraud. Their suspicions point in a certain direction, but the purposes of justice might be defeated if we should give publicity to them. For the present the Secretary of the Treasury holds the Express Company responsible, and the Company has expressed their readiness to pay the amount as soon as the loss is distinctly proved to have taken place while the gold was in their charge.

The Sinking Fund Bonds of the Eric Railroad for October have been purchased.

The Money market to-day was very active in stock circles. The demand for money being very much in-creased by the payment of California drafts against the gold by both routes, stock operators found it about as difficult to obtain accommodations to-day as during any day of last week, and high rates were temperary loans. In the discount market there is not much change; merchants are easy-the payments from the interior being good, and the appliestions at the Banks of paper from regular dealers continue moderate. We presume the jobbers of this City were never more favorably situated than at present. The Fall business has been large, and an advancing market for most descriptions of goods, giving larger profits than usual. The offerings of paper in the street are to a fair extent, but desirable names are not in supply equal to the capital seeking investment in this way. Rates range from 7 to 9 P

cent for first-class signatures.

A nego lation of \$400,000 of City bonds which has been going on for some weeks has been finally closed, but the particulars are not made public. The bonds

go to Europe. The Bank Statement shows, as was ancipated, a large contraction in the leading items, but much larger in specie and deposits than was expected. The loss of specie has been over \$1,700,000, more than two-thirds of which has gone into the Sub-Treasury, and the interior. The decrease in Deposits is over \$3,300,-000. The country banks have been drawing freely upon their dep sits in this City for funds to move the vast crop which is coming forward to the shipping ports. The decrease in loans \$1,200,000 is within the expectations of those who have watched the movement of the money market. The specie reserve felt off last year rapidly in September some four millions, and in the first week of October was \$10,630,000, while the Loans were \$91,380,000 and the Deposits \$70,285,000. The specie is now lower than it has been since Oct. 28, 1854, when it was down to \$9,826,000, with Loans \$84,769,000 and Deposits \$62,229,000. The highest point touched by specie during the year was on the 3d Feb., when the Banks showed an average of \$17,439,000, with \$88,145,000 of Loans and \$79,900,000 of Deposits. Thus since that time the Banks have lost \$7,500,000 of specie, \$11,300,000 of Deposits, and increased their Loans \$17,500,000. Since the Banks began to contract in the third week in August the Loans have fallen off \$3,700,000 and the specie \$4,700,000. During the past week the Messpelitan has lost \$200,000 specie, American Exchange \$240,000, American \$160,000, Merchants' \$250,000, Manhattan \$180,000, &c. The loss of deposits has been in the New-York \$190,000, Manhattan \$300,000, Merchants' \$300,000, American \$350,000, Phenix \$280,000, American Exchange \$450,000, Metropolitan \$400,000, Continental \$280,000, &c. The Mechanics' and Commerce have increased their deposits. The aggregate figures, com-

pared with last week, are:

The private letters by the Africa are cheerful and the writers anticipate within a month a much easier money market. Business in general was prosperous. We hear of a few orders for American stocks and bonds, some of which have been executed. Some Jollet cut-off and Harlem first mortgage bonds have been bought together with small amounts of other descriptions. A few Government stocks are coming back for sale, but we can hear of no other American securities being returned.

The business of the Sub-Treasury was: Paid, \$55,199 82, including \$45,000 California drafts; received, \$120,845 51; balance, \$7,225,363 24; paid on clebureing checke, \$94,850 56,

The following sale of Bonds and Stocks were made

27 Adrian H. Muller's regular semi-weekly sale

Adrian H. Muller's regular semi-weekly sale of Bonds and Stocks will take place to-morrow, at the Merchant's Exchange, at 121 o'clock.

The business at the Clearing-House to-day was 822,424,700. The semi-appual interest on the bonds of the Jeffer-

sonville Railroad Company is payable at the Bank of America. The net income of this road for the first six menths of 1855 exceed that of the corresponding period of 1854 \$34,631 01.

period of 1854 \$34,631 01.

A telegraphic dispatch from Atalanta says:

"ATALANTA, Tuesday, Sept. 25, 1855.

"We have just put Atalanta under protest for \$4,980.

We presented of this money for payment to-day \$33,865, and gave notice that we should insist upon that amount being paid to us during banking hours. Of this they only counted \$10,000 before dinner. And when the bank opened in the afternoon, (2 o'cko's,) we took a notsry to the bank who demanded the payment of the balance of the amount before the closing of the bank. They then proceeded to count very slowly until 4 o'clock, when they closed the bank, leaving unnaid \$4,900, which the notary is now protesting. When protested, it will be expressed to you to have suit instituted against the owners. At the time of closing they ordered us out of the bank."

Markets.. CAREFULLY REPORTED FOR THE TRIBUNE. MONDAY, Oct. 1, 1835.

ASHES—The market is quite firm; the supply light; sales of obblis, at 60 371 for Poss, and \$6 625 3246 75 for Posts.

BEESWAX—The market is quiet, with a moderate demand at 276 374c.

at Trailing.

COTTON—Dullness continues; the reception of private let tens has not bettered the condition of the market to any extent; the sales to day are reported at 400 bales. Our annexed quotations exhibit the basis of lest transactions:

EXEMPTOR CLASSIFICATION.

POTATOES AND TURNIPS—Common Potatoes are not in as good supply, and prices are rather higher; Northern and Jersey Mercers are ceiling freely at \$1.50 feil 17. by bbt.; Sweets are attendant at \$1.75 for Virginia and \$2.64.2.25 by bbt. for Delaware and Jersey. Turnips are pfenty at 75.64.55; bbt. For Last There is a feir cemand for export; 150 tea sold this morning, to arrive per steamer Natavire, a 5.65.6; morth a rounder 56. The stock here is now a mere cypher. Proces rule steady.

SPICES—Sales have been made to-day of 37 catks Governe-

under bic. The stock here is now a mere cypher. Prices rule steady.

SPICES—Sales have been made to-day of 37 cashs flovernment No. 1 Naturegs, part previously to arrive, at 200226., now held higher: also 1,015 beles Claves, and 120 bares Claves. Steams (just an ived) on private terms. The stock of Cassia on hard to day is 13, 60 maiz.

SFEDS—Only a retail demand for Clover at 124 211c. Timothy is quite dull and is lower; sales at \$3.22.25 \$\frac{1}{2}\$ bush. Rough Flax is in fair demand at \$2.24 \$\frac{1}{2}\$ \$\frac{1}{2}\$ \$\frac{1}{2}\$ bush. We have of a sale of 3,500 packets to arrive at Boston at \$2.25, cash, now held much higher.

hear of a sale of 3,500 packets to arrive at Boston at #2 25, cash, now held much higher.

SALT—The market is better; the supply moderate. Sales of 1,500 sacks Ashton's to arrive at #1 75—this is the only lot of that high anoma to be on the way.

SUGARS—Decidedly a "bine" Menday in this staple with the same depressed feeling prevised on Saturday. We have not beard of any transaction of moment. Refined Sugars are lower; Sunata's we quote as follows: Double Refined Crushed 104, do. Ground 91c., Circle (a) Crushed 164c. Ground extra quality 164c. We give the comparative stock on hand 1st of October, 1355 and 1354, as follows:

NEW-ORLEANS-Arr. Sept. 30 ships Garrick, and F. A. almer, New-York; Mazatlan, Philadelphia.

Disasters, &c.

Disasters, &c.

Bark Cathariak Augusta, on New York, from St. Thomas, put into Pernambuco so the lat Augusta in distress, with ions of forement and maximum, and remyined there on the 7th.

Bark Rawar, at Holmes's Hole from Cardenae, on the 2th inst., in a gale from N. S., split sails and started dock load.

Schr. Woddense, of New York Jones, at Holmes's Hole from Hawans, on the 1th irat, is a 35 S., in. 74 30; while tying to in a gale from E.N. E., awa a berat brig, painted block, with a white streak, also lying to, with colors set in distress; it blowing heavy could render no assistance.

A visual of about 100 time I maher leden, was passed previous to Aug. 21, let. 33, loc. 22) by while ship Emms C. Jones, at Fays. One account says, has "Rivemen, of Negovak," on the stern, another "Bicomet, or Negoquett," as near as could be ascertained.

Batts. Gov. Brock, Smith, from Philadelphia for Portland, which spring aleak 14th inst., and put back to P., has been repaired remonded with her carge of coal, and sld. again 29th for destination.

Cart. Pout., of the rohr, Oregon, at New Orleans from Su-

which spring aleak 14th inst, and put back to P., has been repaired, two adds with her cargo of coal, and slid again 29th for destination.

Cart. Pours, of the schr. Oregon, at New-Orleans from Sabine Pass reports that he expetienced a heavy blow during the night of the 15 h inst, and as we several schre. that were compelled to cores to sanchor. Some of them apparently had suffered in the rigating. The schr. Com. Stockton, from Gaiveston, had anchored at Sabine on the 15th.

Some Nitadara, Smith, from Richmond, Va., for Portland, put into Edgerown 36th list. On the 15th lind, is the Delaware, Wm. McDonaid, esaman, of Wisconsin, fell from the masthead and was killed. As the Nisgara was counting to her dock at Edgartown, she run into bark Peru, of Nantacke. Her jubboom struck the Peru's mainmest and entered the side wood to the depth of about six inches splitting the mast considerably. The mast was repaired by inserting a piece of word into tage, ture, and it will be hoosed above and below the same, so at the red of the probably firm as befores the accident.

Some Makkala, of Newport, stated to be the vessel sunk of Ready Point, has been raised and towed to Wilmington, Del., by aftr. Machanic. She is hadly our and will have to discharge previous to repairing.

SCIR, CATRACT, from New-York for Charleston, with a full cargo of assured goods, was a here 25d on Chickamacomic beach; bired full of water, and goods all damaged. Capt. Uniet with ed the wreck, and was remedering all services mecessary in the case. The C. was 350 true, rated at a 15, built at Williamsburgh in 151, and was valued at about \$10,000. She was a sensed and partially overed in Weller. The cargo, valued at about \$60,000, is fully insured at various offices in New-York.

Whalers.

Whalers.

Arr. at New-Bedford 25th, ship Congress 2d, Bartlett, Northumberland Island, Davis Straits via Labrador clean. The C. sailed on the 25th July, on a whaling vivage to Northumberland line; Davis Straits, expecting to pursue he fishery there during a seasot of about two mants, and then either to be from an at to go such after sperm whales and return north is the Spring board bow, staving in three planks and four timbers, trached board bow, staving in three planks and four timbers, trached with the ceiling, leaving an aspecture ab mt 4 feet in leagth by 3 in which, causing the ship nearly to suck. After ligh suing its ality by throwing over shooks, coal, wood &c, they succeeded in getting the broken planks partly out of water, and in I house the vessel was free from water. On the 31 September the Coarges made land and came to maker at Hopedals, on the coat of Labrador, let, 55 30, ion, 50. They remained there two days, during which the ship was heeled and repairs made. On the 7th they started for home, the ship leaking about 30 strokes pet hour on the passage.

Sailed from do, 25th, batk Baltic, Brownson, Pacific Ocean.
